Subject: First draft of summary for the registration page
Attachments: summary for registration page.docx

Craig and Chris,

Attached is what I am proposing for the tile of the hearing and the brief project description on the registration page. A lot more information would be included in the actual public notice and on our R4 webpage. I did not include anything here regarding how the hearing will be run or how long people have to speak but can add that in.

I'm planning to start circulating the draft public notice for the public hearing next week.

Thanks,

Meghan
